## SHOULD BE RE-ELECTED

The Republican congressman, Wm.  
E. Humphrey, from the Seattle, Wash.,  
district, is a candidate for re-election  
and bases his claims upon his record.  
If a man's record is any criterion upon  
which voters should act, then this  
man's record, Republican though he  
be, should safely land him again.  
Read it:

Employers' liability act.  
Workmen's compensation bill.  
All safety appliance laws.  
All eight-hour laws.  
Eight-hour law for women in the  
District of Columbia.  
Immigration bills.  
Law limiting hours of service for  
men on railroads.  
Law prohibiting importation of con-  
vict-made goods.  
Law creating the children's bureau.  
Law creating the department of  
labor.  
Child labor law for the District of  
Columbia.  
General child labor law.  
Law requiring material for the con-  
struction of the Panama Canal to be  
purchased in the United States.  
Age pension law.  
Law increasing pension of widows.  
Bill to pension widows and orphans  
of Spanish-American war veterans.  
And for every other bill, public and  
private, that came before congress to  
assist soldiers, their widows or their  
orphans.  
Rural credits.  
For good roads bill.  
For all acts to strengthen and ex-  
tend the rural free delivery.  
For postal savings banks.  
For the election of Senators by the  
direct vote of the people.  
For the income tax amendment.  
For the equal suffrage amendment.  
For the National prohibition amend-  
ment.  
The Hepburn law, prohibiting re-  
bates and discriminations by the rail-  
roads.  
Law enlarging the power of the  
Interstate Commerce Commission so  
as to give it power, among others, to  
fix rates, to fix through rates on rail  
and water lines, and to compel ter-  
minal connections and facilities.  
For law to ascertain the physical  
valuation of railroad, telegraph and  
telephone lines.  
For law prohibiting the giving of  
passes.  
For law prohibiting corporations  
making contributions to campaign  
funds.  
For law requiring publicity of cam-  
paign contributions, both before and

after the election.

The Federal meat inspection law.  
"White slave law."  
Law prohibiting the importation of  
opium for other than medicinal pur-  
poses.The law giving Alaska a delegate in  
Congress.He drew and had passed the present  
Alaska game law.Was one of the most active and  
influential men in Congress in favor  
of the law providing for the Govern-  
ment to construct a railway in Alaska.The Farmers' Congress and the  
Summer Short Course will be in ses-  
sion at the A. & M. College in just a  
few days. They afford a great oppor-  
tunity for the farmers and farm wo-  
men of Texas to gain practical infor-  
mation. Especially is this true of the  
people of Brazos County, right at the  
doors of the College, a majority of  
whom can attend the sessions every  
day, going to and from home. The  
Eagle hopes Brazos County will have  
the largest representation this year  
in its history, and to some extent re-  
deem the record of the past. It is a  
lamentable fact that our farmers have  
not appreciated the College and made  
use of its advantages as they should.  
However, conditions are changing and  
they are coming to see more and more  
that the scientific way is the only  
way, and a greater interest is being  
manifested in the teachings of the  
College and more of our people are  
utilizing the advantages it offers.  
Five hundred Brazos County farm men  
and women should attend every ses-  
sion of the Farmers Congress and  
Farmers' Short Course.Bob Henry offers to withdraw from  
the race for United States Senator if  
Charley Culberson will come to Texas  
and make a few speeches and then  
stand a physical examination before  
the State Board of Health and secure  
a statement from the board that he is  
physically fit for the duties of the of-  
fice of Senator. Mr. Henry may be  
physically fit, but we seriously ques-  
tion the mental fitness of him or any  
other man who would try to make cap-  
ital of some other man's infirmities.  
Mr. Henry should ask to be Senator  
because of his super-ability to be  
any other man in the race, and not because  
of some other man's weakness.According to figures given out by  
the Motion Picture Exhibitors' League  
now in session in Chicago, 25,000,000  
people attend the moving picture  
shows of the United States daily. The  
United States has a population of one  
hundred million, and the figures above  
given show that one-fourth of all the  
people attend the picture shows daily.  
When we take into consideration the  
fact that a large percent of the people  
live in the country and have no op-  
portunity to attend picture shows, we  
can realize the very large percentage  
that attend in the cities and towns."Americanism," which is being  
championed by both President Wilson  
and Mr. Hughes, does not mean Amer-  
ica for Americans alone, as some seem  
to think. It means America for all,  
provided a man does not esteem more  
highly the country of his origin than  
he does his American domicile.It will not be all loss, even to those  
candidates who fall of election. They  
are getting some larapin good dinners.  
The "first bales" are beginning to  
be reported from different places.

It's watermelon time in Texas.

"A 16-page letter from Tom! Oh,  
what does he say?" "He says he's  
going to call this afternoon."—Life.

## WISE AND OTHERWISE

"Do you think it will be possible  
to settle all international differences  
hereafter without war?" "No," re-  
plied Senator Sohghum. "At best

ed, 'there are no mosquitoes here,'" said  
the disappointed guest. "I told  
the truth in that advertisement," an-  
swered the proprietor of Pine Ridge  
Inn. "Why, the idea! They are  
swarming about us right now." "I  
wrote it last winter."—Birmingham

to put his property in his wife's name.

of getting indigestion!"—Pittsburgh

## CROSSING BEING REPAIRED

The excavation work of the Bryan  
and College Interurban on Dallas  
Street for the new road-bed is well  
under way today. The dirt which is  
being taken up to be replaced with  
ballast is being hauled by the Inter-  
urban people out on cars to their  
crossings between Bryan and College,  
and will be used to make the crossing  
of autos and vehicles over the car  
track more comfortable. The Inter-  
urban management never overlooks an  
opportunity to improve their holdings.

## LARGE CROWD ATTEND PICNIC

The C. S. H. S. Club picnic and bar-  
becue which is being held today at  
the Bohemian Hall, near College, is  
being well attended. All the county  
candidates are there and many citi-  
zens from Bryan went out to enjoy  
the day. An extensive program has  
been arranged and will wind up to-  
night with a big dance. Everybody is  
invited to attend tonight.FARMERS' SHORT COURSE  
AND FARMERS' CONGRESSInteresting Discussion of Coming Event  
By Dean E. J. Kyle.Probably the greatest opportunity  
the farmers and farm women of Bra-  
zos County have ever had to secure  
valuable information, and, at the same  
time, interesting and refreshing enter-  
tainment, will be when the Farmers'  
Short Course begins its seventh an-  
nual session at College Station, July  
24th to 29th, inclusive.This work is planned to meet the  
needs of practical farmers, business  
men, and women who desire to farm  
on a better basis, to make farming  
more profitable, and to make farm life  
more comfortable and attractive.Throughout the week separate  
courses will be offered in the follow-  
ing subjects: Agricultural education,  
agricultural engineering, agronomy,  
animal husbandry, dairy husbandry,  
horticulture, poultry, plant diseases  
and insects, and veterinary science.This year special attention is to be  
given to the course in Home Econom-  
ics. The work will be divided into a  
division for women and a division for  
girls.Some of the best known lecturers in  
the Southwest will assist in making  
the short course work of value to the  
people of this State. The college  
teaching staff, the experiment station  
and extension staffs are to be assisted  
this year by Dr. H. J. Webber, the  
plant breeder, of California, and Dean  
W. M. Jardine, the agronomist, of  
Kansas. In the women's and girl's  
work, Miss Bernice Carter and Miss  
Cornelia Simpson, of the extension  
service, will be assisted by Miss Mary  
E. Gearing, professor of home econom-  
ics at the University of Texas, and  
Miss Rhea C. Scott, assistant State  
agent in home demonstration work,  
of Virginia.On the evening of the 26th the  
Texas Farmers Congress will begin its  
session. The work has been planned  
so that the short course program and  
the farmers' congress program will fit  
into each other, so as to prevent any  
conflicts.A special feature of the short course  
and congress this year will be the en-  
tertainment side. High class music-  
ales, picture shows, baseball games,  
barbecue, receptions, etc., will be the  
order of the day. It is planned to  
make this occasion serve as a farm-  
chautauqua of Texas.The people of Brazos County are  
much more favorably situated than  
the rest of the people of the State, on  
account of the fact that these great  
meetings are held at their very door.  
Many of the farmers can drive to Col-  
lege every day in their wagons or  
automobiles; others can drive into  
Bryan and catch the interurban there,  
while those living too far to make  
daily trips can come to College and  
register for the weeks work.The A. & M. College is anxious to  
lend a helping hand to Brazos County  
farmers, and we ask that you come  
and join us in this great work.  
E. J. KYLE.

Director of Farmers' Meetings.

## BETHEA PLEADS NOT GUILTY

In a notice yesterday afternoon in  
the Eagle it was taken by Mr. Lamar  
Bethea that we meant he was stuck in  
the mud Monday afternoon in the rain  
storm at Wellborn in his big eight-cyl-  
inder double-motion Locomobile,  
when it was not his car at all. He  
says the car that was stuck was one  
of a much smaller type and that he  
helped to put same back in the road.
